Select Proceed Without Date

Powered by BARTLETT

The first step in creating an order is to select a delivery date. Unlike typical online ordering sites Bartlett allows you schedule up to 10 deliveries in the future. You will only be able to select dates that have been set up by your sales rep (which you can see in the upper left corner).

You will be able to change the delivery date before submitting the order to Bartlett, or at any time by click the "Select Delivery Date" in the left navigation menu under "Place an Order".

* If you require a special delivery and the day is not listed please contact Bartlett Customer Service.
